McCONAGHY
MULTIHULLS

INTRODUCTION

McConaghy Multihulls is the latest product range from McConaghy, drawing on our 50 years' of yacht building excellence, as well as a storied history in creating some of the world's best-known and best performing race boats.

Our continual innovation and investment in new materials and technologies, has allowed us to firmly establish our position at the forefront of progressive high-performance yacht building.

McConaghy is proud to now introduce an entire line of cruising multihulls to our portfolio, created in collaboration with world-leading designers.

The MC50, MC60, MC59p, MC68, MC77, MC82, and MC90 each feature clean lines, apartment-style living and overall, an open and modern dynamic that simultaneously enables more comfortable cruising and better performance; a feat not yet achieved in any other line of multihull.

The MC59p is our flagship power model and utilises highly optimised hull forms combined with the already iconic lines of the McConaghy MC60. This strong, light and powerful motor yacht is the first among its peers to offer both coastal cruising and the capability for far-flung oceanic adventures.

MEET THE NEXT GENERATION POWERCAT

Lightweight, strong and with contemporary, progressive lines, the MC59p is the power cat of the modern era.

McConaghy's carefully considered use of carbon and precise hull forms makes for a particularly fuel-efficient vessel at the lower speeds, yet the MC59p is able to achieve top speeds well in excess of 20kts.

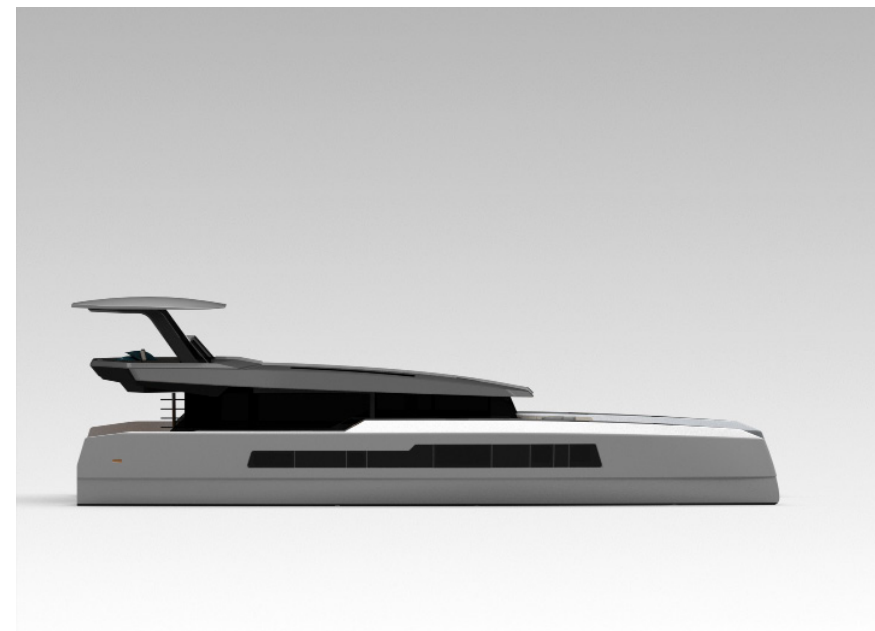

The MC59p offers two flybridge layouts to choose from, catering to a number of different usage modes. The aft flybridge option allows for a bank of seating behind the helm and a sun pad recessed into the coach roof, whilst the extended flybridge option creates a larger social space, with the addition of a bridge atop the coach roof.

There are three versatile interior arrangements available, allowing for a three or four cabin layout or an arrangement that positions the master suite on the main deck.

Interior styling comes from Design Unlimited, an award-winning studio with extensive experience in both large custom yachts and the production sector. Their attention to detail and innovative storage solutions that allow for living space to be maximised, make the MC59p a mini-superyacht, with luxury and performance ability perfectly partnered.

GENERAL SPECIFICATION

LOA	18M
MAX BEAM	8.8M
DRAFT	1.4M
STANDARD POWER	2 X 370HP
FUEL TANKS CAPACITY	1500L STANDARD / 3000L (LONG RANGE OPTION)
FRESH WATER CAPACITY	500L
HEADROOM SALOON	2.05M - 2.30M
HEADROOM HULLS	2.05M - 2.30M
DESIGNER	KER YACHT DESIGN
BUILDER	MCGONAGHY BOATS
CERTIFICATE	CE

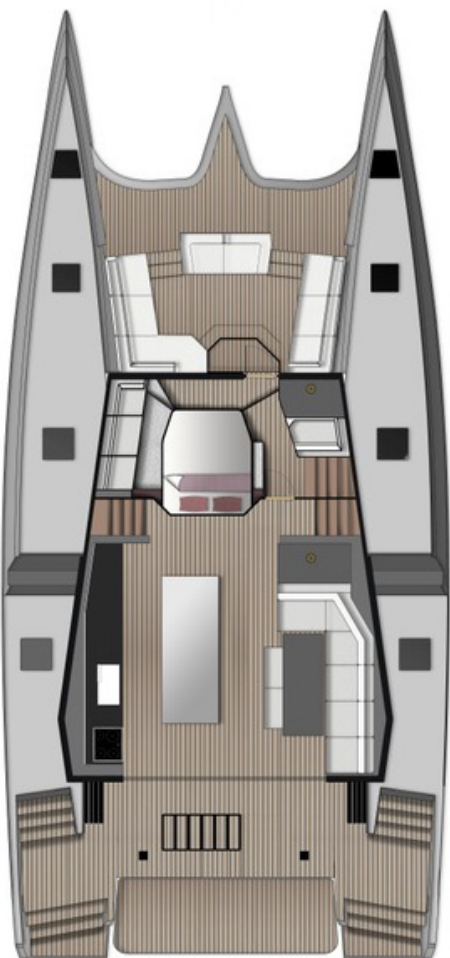

CONSTRUCTION

Constructed using a controlled vacuum infusion process and pressed panels of E-glass, carbon composite and Corecell for lightweight strength and rigidity.

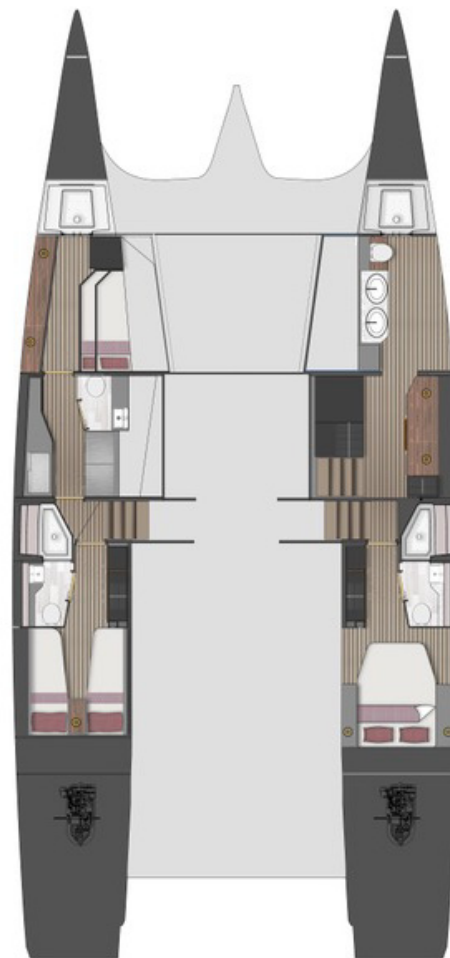

EXTERIOR FINISH

- Hull and deck painted in high quality two pack polyurethane coating in white as standard
- Non-skid areas on the side decks
- All hatches drain to waterline
- Six (6) Seasmart folding cleats
- Below waterline surfaces finished with epoxy primer

LAYOUT OPTION 1: MASTER CABIN ON MAIN DECK

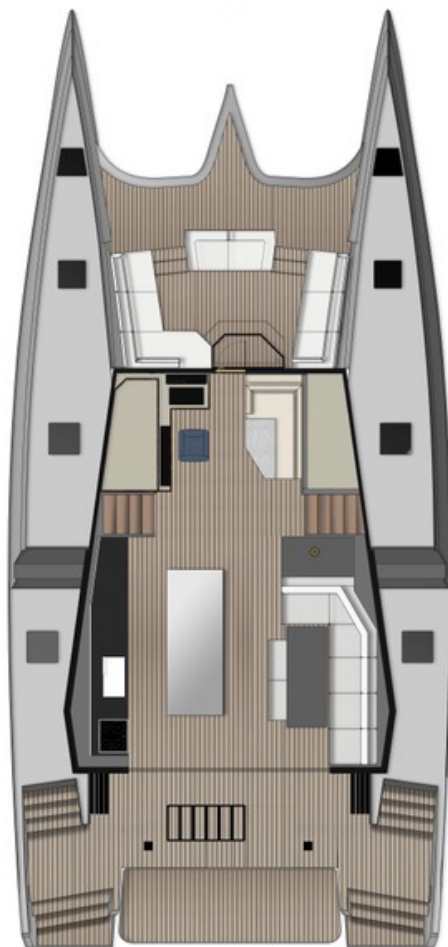

MASTER CABIN LAYOUT

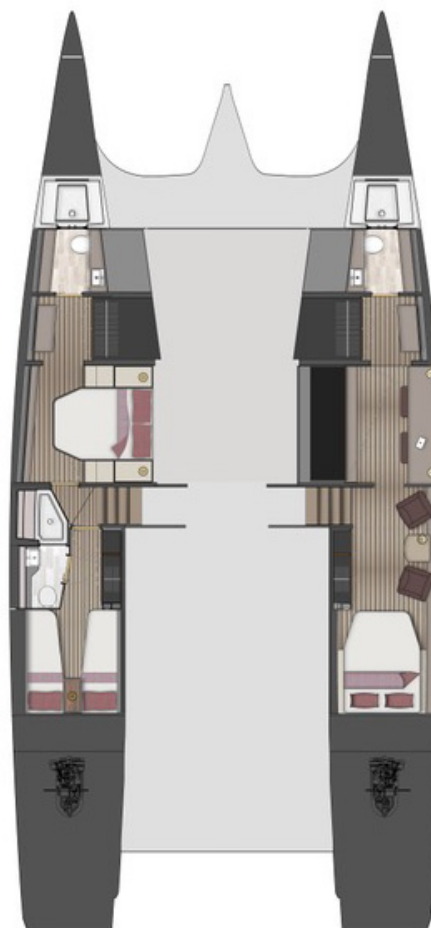

GUEST CABIN LAYOUT

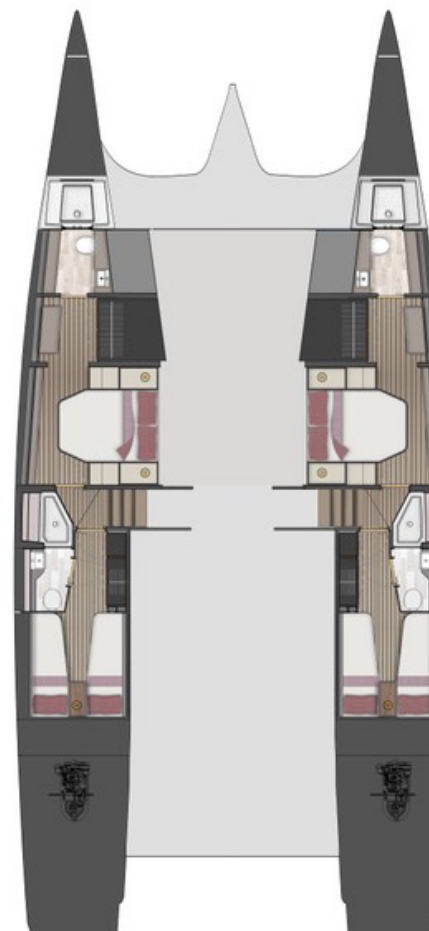

LAYOUT OPTION 2: MAIN DECK SALOON WITH 3 OR 4 CABIN ARRANGEMENT

MAIN DECK

3 CABIN LAYOUT

4 CABIN LAYOUT

FIT OUT - MAIN DECK

AFT MAIN DECK

- Frameless, bi-folding, tempered glass safety doors between saloon and aft deck
- Clear carbon stairs and handrails to fly bridge with illuminated steps Transom steps, port and starboard, with discreet lighting

- One (1) stern light (Hella 2LT 959 909-001)
- One (1) port light (Hella 2LT 959 900-001)
- One (1) stbd light (Hella 2LT 959-908-001)
- One (1) masthead light (Hella 2LT 959 940-201)
- One (1) Tank Sensor Monitor

ELECTRICAL AC

- AC switch panel
- Shore power / combination inverter

24V POWER SUPPLY

- One (1) Galvanic Isolator
- Two (2) 150Amp 24V alternators
- Four (4) House Batteries
- Two (2) Main Engine Start Batteries

ENTERTAINMENT

- Fusion entertainment system - Four (4) speakers

ENGINE & MACHINERY

- Engines and propellers 2 x 370hp (TBC - Cummins or Volvo) Electronic throttle control mounted to helm
- Insulation in Engine rooms
- Fresh water engine cooling system

- Engine instrument panel at helm position
- Two (2) Fuel tanks in total approx. capacity TBA
- Racor500 fuel filters
- Exhaust waterlocks
- Two (2) Fuel Level Sensors
- Two (2) Deck Fillers

PLUMBING

- Four (4) Rule automatic bilge pumps (2,000 GPM each) Two (2) Henderson MK 5 Universal Manual Bilge pump Pressurised hot and cold water system
- Two (2) Isotherm water heaters – 40 Liter tanks slim

HATCHES

- Lewmar flush deck hatches drained to waterline

ANCHORING & MOORING

- One (1) Lewmar V4V5 electric windlass
- One (1) 40kg anchor (galvanized), 50m chain, and 50m warp
- Six (6) x 200mm folding cleats

MISCELLANEOUS DECK HARDWARE

- McConaghy composite stanchions
- Stainless steel life lines
- Two (2) deck water fillers
- Two (2) deck fuel fillers
- Two (2) deck waste pump-out
- Foredeck trampoline, Dyneema
- One (1) Whale Universal Pressure pump 18L/M 45PSI Black water tanks approx 160L
- Fresh water tanks approx 2 x 230L
- Fresh Water Level Sensor
- Holding tank sensor
